Re: Financial Services Commission of Ontario Priorities — Request for Submissions

The *Financial Services Commission of Ontario Act, 1997* (the “FSCO Act”) requires the Financial Services Commission of Ontario to deliver to the Minister of Finance and publish in *The Ontario Gazette*, a statement setting out the proposed priorities of the Commission for the following fiscal year in connection with the administration of the *Insurance Act*, the *Compulsory Automobile Insurance Act*, the *Motor Vehicle Accident Claims Act*, the *Marine Insurance Act*, the *Prepaid Hospital and Medical Services Act*, the *Co-operative Corporations Act*, the *Credit Unions and Caisses Populaires Act*, the *Loan and Trust Corporations Act*, the *Mortgage Brokers Act*, the *Pension Benefits Act* and the *Registered Insurance Brokers Act*, together with a summary of the reasons for the adoption of those priorities.

The statement of priorities for the coming fiscal year will be submitted to the Minister of Finance in June 2006 and will be published in *The Ontario Gazette* shortly thereafter.

In keeping with the *FSCO Act* and the Commission's goal of furthering transparency in the regulatory process, the Commission invites interested parties to make written submissions regarding their views as to the matters that should be identified as priorities of the Financial Services Commission of Ontario.

The draft Statement of Priorities 2006 is posted on the FSCO web site at: www.fSCO.gov.on.ca.

Objet: Priorités de la Commission des services financiers de l'Ontario — Demande de présentations

En vertu de la *Loi de 1997 sur la Commission des services financiers de l'Ontario* (la “*Loi sur la CSFO*”), la Commission des services financiers de l'Ontario doit présenter au ministre des Finances et publier dans *La Gazette de l'Ontario* un énoncé concernant les priorités de la Commission pour l'exercice suit dans le cadre de l'administration des lois suivantes: la *Loi sur les assurances*, la *Loi sur l'assurance-automobile obligatoire*, la *Loi sur l'indemnisation des victimes d'accidents de véhicules automobiles*, la *Loi sur l'assurance maritime*, la *Loi sur les services hospitaliers et médicaux prépayés*, la *Loi sur les sociétés coopératives*, la *Loi sur les caisses populaires et les credit unions*, la *Loi sur les sociétés de prêt et de fiducie*, la *Loi sur les courtiers en hypothèques*, la *Loi sur les régimes de retraite*, et la *Loi sur*

les courtiers d'assurances inscrits, et un résumé sur les raisons de l'adoption de ces priorités.

L'énoncé de priorités pour le prochain exercice sera soumis au ministre des Finances en juin 2006 et sera publié dans *La Gazette de l'Ontario* peu après.

Conformément à la *Loi sur la CSFO* et au but de la Commission en ce qui concerne l'amplification de la transparence du processus réglementaire, la Commission invite tous les partis intéressés à présenter leurs vues par écrit sur les sujets qui, selon eux, devraient être considérés comme des priorités par la Commission des services financiers de l'Ontario.

L'énoncé des priorités pour 2006 est affiché sur le site Web de la FSCO à l'adresse : www.fSCO.gov.on.ca.

PARTICIPATING PENSION PLANS

Status as participating pension plan

2. (1) The Hamilton Hourly Plan, the Hamilton Salaried Plan, the Lake Erie Hourly Plan and the Lake Erie Salaried Plan, respectively, are each a participating pension plan until the earlier of,

- (a) December 31, 2015; and
- (b) the day that is 90 days after the day on which the administrator submits a report in respect of the plan to the Superintendent under section 12 indicating,
 - (i) that the plan does not have any adjusted solvency deficiency, and
 - (ii) that reports submitted under section 12 in respect of all the other participating pension plans also indicate that none of those plans has any adjusted solvency deficiency.

(2) Despite subsection (1), if the administrator submits a report described in clause (1) (b) and if, within the 90-day period described in that clause, the Superintendent issues a notice of proposal to make an order under subsection 88 (2) of the Act with respect to any of the reports referred to in clause (1) (b), the pension plan continues to be a participating pension plan until the earlier of,

- (a) December 31, 2015; and
- (b) 60 days after the earliest of,
 - (i) the date on which the proposal is finally determined and is not subject to any further appeal to or review by a tribunal or court, but only if, as a result of the final determination of the proposal, it is concluded that the plan has no adjusted solvency deficiency in relation to the original benefits,
 - (ii) the date on which a settlement is reached in respect of the proposal and, as a result of the settlement, it is concluded that the plan has no adjusted solvency deficiency in relation to the original benefits, or
 - (iii) the date on which the notice of proposal is withdrawn.

(3) Despite subsection (1), if the employer gives a written notice to the Superintendent stating that a participating pension plan ceases to be a participating pension plan, and if the employer is otherwise authorized by an agreement to give such a notice to the Superintendent, the plan ceases to be a participating pension plan on the later of,

- (a) the date on which the Superintendent receives the notice; and
- (b) the date specified in the notice as the date on which the plan ceases to be a participating pension plan.

CONTRIBUTIONS AND OTHER PAYMENTS

3. (1) An aggregate initial contribution of \$400 million is to be made to all of the participating pension plans for the original benefits, and the \$400 million shall be allocated among the plans in accordance with this section.

(2) On or before March 31, 2006, the employer or a person required to make contributions on behalf of the employer shall pay into the pension fund of a participating pension plan the amount calculated using the formula,

$$(A \times B/C) - D$$

in which,

- “A” is \$400 million,
- “B” is the amount of the initial solvency deficiency of the plan,
- “C” is the aggregate amount of the initial solvency deficiency of each of the participating pension plans, and
- “D” is the aggregate amount of all contributions, if any, paid into the pension fund of the plan on or after January 1, 2006 and before April 1, 2006 excluding amounts paid in respect of a prior year of the plan and excluding amounts paid under this section.

(3) In the formula set out in subsection (2), the amount represented by the expression “B/C” is to be calculated to four decimal places.

Monthly payments in 2006

4. (1) An aggregate contribution of \$32.5 million is to be made to all of the participating pension plans for the original benefits for the period beginning on July 1, 2006 and ending on December 31, 2006, and the \$32.5 million shall be allocated among the plans in accordance with this section.

(2) The employer or a person required to make contributions on behalf of the employer shall pay into the pension fund of a participating pension plan for the period from July 1 to December 31, 2006 the amount calculated using the formula,

$$E \times F/G$$

in which,

“E” is \$32.5 million,

“F” is the amount of the adjusted solvency deficiency of the plan, and

“G” is the aggregate amount of the adjusted solvency deficiency of each of the participating pension plans.

(3) Despite subsection (2), if the aggregate amount of the normal cost of each of the plans for the original benefits for the period from July 1 to December 31, 2006 is greater than or equal to \$32.5 million, the employer or a person required to make contributions on behalf of the employer shall pay into the pension fund of a participating pension plan for the period from July 1 to December 31, 2006 the amount calculated using the formula,

$$E \times H/I$$

in which,

“E” is \$32.5 million,

“H” is the amount of the normal cost of the plan for the original benefits for the period, and

“I” is the aggregate amount of the normal cost of each of the participating pension plans for the original benefits for the period.

(4) Despite subsection (2), if the aggregate amount of the normal cost of each of the plans for the original benefits for the period from July 1 to December 31, 2006 is less than \$32.5 million, and if the normal cost of one or more of the plans (an “affected plan”) for the original benefits for the period is greater than the amount that would be payable under subsection (2) into the pension fund of the affected plan, the employer or a person required to make contributions on behalf of the employer shall pay into the pension fund of a participating pension plan the amount determined in accordance with the following rules:

1. The amount payable into the pension fund of each affected plan is the amount of the normal cost of the plan for the original benefits for the period.
2. The total amount available to be allocated to the plans which are not affected plans is calculated by subtracting from \$32.5 million the total amount payable under paragraph 1 to the affected plans.
3. The amount payable into the pension fund of each of the plans which are not affected plans is calculated using the formula,

$$J \times F/K$$

in which,

“J” is the total amount available to be allocated to the plans which are not affected plans as calculated under paragraph 2,

“F” is the amount of the adjusted solvency deficiency of the plan, and

“K” is the aggregate amount of the adjusted solvency deficiency of each of the plans which are not affected plans.

(5) In the formulas set out in subsections (2), (3) and (4), the amounts represented by the expressions “F/G”, “H/I” and “F/K” are to be calculated to four decimal places.

(6) The amount payable into a pension fund under subsection (2), (3) or (4) is payable in six equal instalments and payment is due on the last day of each month beginning with July 2006 and ending with December 2006.

Monthly payments, 2007 to 2010

5. (1) An annual aggregate contribution of \$65 million is to be made to all of the participating pension plans for the original benefits for each year beginning with 2007 and ending with 2010, and the \$65 million shall be allocated among the plans in accordance with this section.

(2) If the aggregate amount of the year’s adjusted normal cost of each of the plans is equal to or greater than \$65 million, the employer or a person required to make contributions on behalf of the employer shall pay into the pension fund of a participating pension plan for a year the amount calculated using the formula,

$$L \times M/N$$

in which,

“L” is \$65 million,

“M” is the amount of the year’s adjusted normal cost of the plan, and

“N” is the aggregate amount of the year’s adjusted normal cost of each of the participating pension plans.

(3) If the aggregate amount of the year’s adjusted normal cost of each of the plans is less than \$65 million, the employer or a person required to make contributions on behalf of the employer shall pay into the pension fund of a participating pension plan for a year the amount calculated using the formula,

$$L \times P/Q$$

in which,

“L” is \$65 million,

“P” is the amount of the preceding year’s adjusted solvency deficiency of the plan, and

“Q” is the aggregate amount of the preceding year’s adjusted solvency deficiency of each of the participating pension plans.

(4) Despite subsection (3), if the aggregate amount of the year’s adjusted normal cost of each of the plans is less than \$65 million and if the year’s adjusted normal cost of one or more of the plans (an “affected plan”) is greater than the amount that would be payable under subsection (3) into the pension fund of the affected plan, the employer or a person required to make contributions on behalf of the employer shall pay into the pension fund of a participating pension plan the amount determined in accordance with the following rules:

1. The amount payable into the pension fund of each affected plan is the amount of the year’s adjusted normal cost of the plan.
2. The total amount available to be allocated to the plans which are not affected plans is calculated by subtracting from \$65 million the total amount payable under paragraph 1 to the affected plans.
3. The amount payable into the pension fund of each of the plans which are not affected plans is calculated using the formula,

$$R \times P/S$$

in which,

“R” is the total amount available to be allocated to the plans which are not affected plans as calculated under paragraph 2,

“P” is the amount of the preceding year’s adjusted solvency deficiency of the plan, and

“S” is the aggregate amount of the preceding year’s adjusted solvency deficiency of each of the plans which are not affected plans.

(5) In the formulas set out in subsections (2), (3) and (4), the amounts represented by the expressions “M/N”, “P/Q” and “P/S” are to be calculated to four decimal places.

(6) The amount payable into a pension fund under subsection (2), (3) or (4) for a year is payable in 12 equal instalments, and payment is due on the last day of each month of the year.

(7) In this section,

“preceding year’s adjusted solvency deficiency” means, with respect to a participating pension plan, the adjusted solvency deficiency as set out in the report with a valuation date of December 31 of the preceding year that is submitted for the plan to the Superintendent under section 11;

“year’s adjusted normal cost” means, with respect to a participating pension plan, the amount by which “T” exceeds “U”, where,

“T” is the normal cost for the year for the original benefits as set out in the report with a valuation date of December 31 of the preceding year that is submitted for the plan to the Superintendent under section 11, and

“U” is the amount that is the lesser of,

- (a) the amount by which the market value of the assets exceeds the going concern liabilities with respect to the original benefits, as set out in the same report, and
- (b) the amount by which the solvency assets exceed the solvency liabilities with respect to the original benefits, as set out in the same report.

Monthly payments, 2011 to 2015

6. (1) An aggregate annual contribution of \$70 million is to be made to all of the participating pension plans for the original benefits for each year beginning with 2011 and ending with 2015, and the \$70 million shall be allocated among the plans in accordance with this section.

(2) The employer or a person required to make contributions on behalf of the employer shall pay into the pension fund of a participating pension plan for a year the amount calculated in accordance with subsections 5 (2) to (7), read as if every reference to \$65 million in those subsections were a reference to \$70 million.

7. (1) This section applies if a participating pension plan is amended to provide benefit improvements.

(2) The employer or a person required to make contributions on behalf of the employer shall pay into the pension fund of the plan the contributions and other payments that the employer would be required to make under the General Regulation, determined as if the benefit improvements alone were being provided by the pension plan.

(3) The amount of the contributions and other payments required by subsection (2) is the amount set out in the schedule respecting the benefit improvements that is set out in the applicable report to the Superintendent submitted under this Regulation.

Contributions, etc., for wind up benefits

8. (1) This section applies if a participating pension plan is being wound up in whole or in part.

(2) For the purposes of subsection 75 (2) of the Act, the following rules prescribe the manner in which and the times when the employer is required to pay the money due under subsection 75 (1) of the Act:

1. The liability for the original benefits payable to members or former members who are affected by the wind up is to be funded in the same manner as the liability for the original benefits in respect of members and former members who are not affected by the wind up.
2. The liability for the benefit improvements, if any, payable to members or former members who are affected by the wind up is to be funded in the same manner as the liability for the benefit improvements for members and former members who are not affected by the wind up.
3. The wind up benefits, if any, payable to members or former members who are affected by the wind up are to be treated as if they were benefit improvements, and the liability for these wind up benefits is to be funded in the same manner as the liability for the benefit improvements for members and former members who are not affected by the wind up.
4. The employer or a person required to make contributions on behalf of the employer shall pay into the pension fund of the plan the payments that the employer would be required to make under section 7, determined as if the benefit improvements and the wind up benefits payable to members or former members who are affected by the wind up were benefit improvements for the members and former members who are not affected by the wind up.

«frais extraordinaires» S'entend :

“spouse” means,

(a) a spouse as defined in section 1 of the *Family Law Act*, or

21. (1) No collection agency or collector shall demand payment, or otherwise attempt to collect payment, of a debt from a debtor unless the collection agency or collector has sent the debtor, by ordinary mail, a private written notice setting out the following information:

22. (1) If a debtor sends a collection agency or collector, by registered mail, a letter stating that the debtor disputes the debt and suggests that the matter be taken to court, the collection agency or collector shall not thereafter contact or attempt to contact the debtor, unless the debtor consents to or requests the contact.

(2) If a debtor or his or her lawyer sends a collection agency or collector, by registered mail, a letter requesting that the collection agency or collector communicate only with the debtor's lawyer and setting out the lawyer's address and telephone number, the collection agency or collector shall not thereafter contact or attempt to contact the debtor other than through the debtor's lawyer, unless the debtor consents to or requests the contact.

- (b) contact or attempt to contact a person for the purpose of collecting a debt if the person has informed the collection agency or collector that the person is not who the collection agency or collector intends to contact, unless the collection agency or collector first takes all reasonable precautions to ensure that the person is, in fact, who the collection agency or collector intends to contact.

(6) No collection agency or collector shall engage in conduct described in any of the following paragraphs with respect to the debtor, the debtor's spouse, a member of the debtor's family or household, a relative, neighbour, friend or acquaintance of the debtor, the debtor's employer, a person who guaranteed the debt or a person mistakenly believed to be the debtor:

(8) Clause (b) of the definition of “transfer ratio” in subsection 1 (2) of the Regulation is revoked and the following substituted:

(b) the sum of the solvency liabilities and the liabilities for benefits that were excluded in calculating the solvency liabilities;

2. The Regulation is amended by adding the following section:

1.2 (1) For the purposes of this Part, the solvency asset adjustment in relation to a report in respect of a pension plan for which a benefit allocation method is used to set contribution rates is the sum of,

- (a) the amount, which may be positive or negative, by which the value of the solvency assets are adjusted as a result of applying an averaging method that stabilizes short-term fluctuations in the market value of the plan assets, calculated over a period of not more than five years;
- (b) the present value of any special payments referred to in clause 5 (1) (a);
- (c) the present value of any special payments required to liquidate any past service unfunded liability; and
- (d) the present value of all special payments referred to in clause 5 (1) (b), (c), (d) or (e), other than special payments required to liquidate any past service unfunded liability or any solvency deficiency determined in the report, that are scheduled for payment within,
 - (i) the period of five years that begins on the valuation date of the report, in the case of a pension plan other than a jointly sponsored pension plan, or
 - (ii) a period that begins on the valuation date of the report and continues until the end of a five-year period that begins on a date not later than 12 months after the valuation date, in the case of a jointly sponsored pension plan.

(2) Despite subsection (1), the solvency asset adjustment in relation to a report in respect of a pension plan that provides defined benefits and for which a benefit allocation method is not used to set contribution rates is the sum of “A” and “B” where,

“A” is the amount, which may be positive or negative, by which the value of the solvency assets are adjusted as a result of applying an averaging method that stabilizes short-term fluctuations in the market value of the plan assets, calculated over a period of not more than five years, and

“B” is the greater of zero and the amount calculated using the formula,

$$C + D - E$$

in which,

“C” is the present value of the required contributions, which are determined using the actuarial cost method adopted by the plan, for the five-year period that begins on the valuation date of the report, or in the case of a jointly sponsored pension plan, for a period that begins on the valuation date of the report and continues until the end of a five-year period that begins on a date not later than 12 months after the valuation date,

“D” is the present value of any special payments referred to in clause 5 (1) (e) that are scheduled for payment within the applicable period described in the definition of “C”, other than any special payments required to liquidate any solvency deficiency determined in the report, and

“E” is the present value of the normal cost, which is determined using a benefit allocation method, for the applicable period described in the definition of “C”.

(3) For the purposes of subsections (1) and (2), the present value of special payments, required contributions and the normal cost must be calculated as of the valuation date of the report and must be calculated using,

- (a) the interest rates used in the report to calculate the solvency liabilities, if the solvency liability adjustment is zero; or
- (b) the average interest rates used in the report to calculate the solvency liability adjustment, if the solvency liability adjustment is not zero.

(4) In the case of a jointly sponsored pension plan, the present values determined for the purposes of the definitions of “C”, “D” and “E” in subsection (2) shall be calculated based on the sum of the projected pensionable earnings for the applicable period described in the definition of “C” in subsection (2).

3. The Regulation is amended by adding the following sections immediately before the heading “Funding of Pension Plans”:

JOINTLY SPONSORED PENSION PLANS

3.1 (1) For the purposes of paragraph 4 of subsection 1 (2) of the Act, a pension plan must, by virtue of the documents that create and support the plan, satisfy the following additional criteria in order to be a jointly sponsored pension plan:

1. The total amount of contributions payable by members of the pension plan in respect of a year, excluding any additional voluntary contributions and voluntary contributions for past service as described in subsection 39 (5) of the Act, cannot exceed the total amount of contributions payable to the pension plan in respect of the year by the employer or by the person or entity required to make contributions on behalf of the employer, as the case may be.
2. The pension plan does not permit a reduction in the amount of or the commuted value of a pension benefit, a pension, a deferred pension or an ancillary benefit in the circumstances described in subsection 14 (2) or (3) of the Act, except in the circumstances of a wind up.
3. The employers or any persons or entities who make contributions on behalf of the employers or represent the employers and the members of the pension plan or any representatives of the members are jointly responsible for making all decisions about the terms and conditions of the pension plan and any amendments to the pension plan.
4. The employers or any persons or entities who make contributions on behalf of the employers or represent the employers and the members of the pension plan or any representatives of the members are jointly responsible for making all decisions regarding,
 - i. the appointment of the administrator of the plan, or
 - ii. the appointment or selection of persons as members of any body or entity referred to in clause 8 (1) (b), (c), (e), (f) or (h) of the Act that is the administrator of the plan.
5. The level of a member's pension benefits, other than ancillary benefits, and the amount of a member's contributions are directly related to the member's pensionable earnings.

(2) The documents that create and support a jointly sponsored pension plan must set out the methods by which the decisions referred to in paragraphs 3 and 4 of subsection (1) are to be made.

3.2 The Ontario Municipal Employees Retirement System is prescribed as a jointly sponsored pension plan for the purposes of the Act.

4. (1) Subsection 4 (1) of the Regulation is revoked and the following substituted:

(1) Every pension plan shall set out the obligation of the employer or any person or entity required to make contributions on behalf of the employer and, in the case of a jointly sponsored pension plan, the obligation of the members of the pension plan, if applicable, to contribute both in respect of the normal cost and any going concern unfunded liability and solvency deficiency under the plan.

(2) Subsection 4 (2) of the Regulation is amended by striking out the portion before clause (a) and substituting the following:

(2) Subject to subsection (2.1), an employer who is required to make contributions under a pension plan or, if a person or entity is required to make contributions under the pension plan on behalf of the employer, that person or entity and, if applicable, the members of the pension plan or their representative shall make payments to the pension fund or to an insurance company, as applicable, that are not less than the sum of,

.

(3) Clause 4 (2) (a) of the Regulation is revoked and the following substituted:

(a) all contributions, including contributions in respect of any going concern unfunded liability and solvency deficiency and money withheld by payroll deduction or otherwise from an employee, that are received from employees as the employees' contributions to the pension plan;

(4) Clause 4 (2) (d) of the Regulation is revoked and the following substituted:

(d) all special payments determined in accordance with sections 31, 32 and 35 and all payments determined in accordance with section 31.1.

(5) Section 4 of the Regulation is amended by adding the following subsections:

(2.2) Despite subsections (1) and (2), the amount of contributions required to be made to a pension plan that provides defined benefits may be determined by using an actuarial cost method other than a benefit allocation method if,

- (a) the actuarial cost method that is used is consistent with accepted actuarial practice; and
- (b) the rules set out in subsection (2.3) are satisfied.

(2.3) For the purposes of clause (2.2) (b), the rules are as follows:

1. If there would be no going concern unfunded liability if a benefit allocation method were used, the present value of the required contributions for the three years after the valuation date, which are determined under the actuarial cost method used by the plan, must not be less than the present value of the contributions that would be made in respect of the normal cost for the plan if the benefit allocation method were used, after the application of any actuarial gains to reduce the normal cost in accordance with subsection 7 (3).
2. If there would be a going concern unfunded liability if a benefit allocation method were used, the present value of the required contributions, which are determined under the actuarial cost method used by the plan, must not be less than the sum of the present value of the normal cost and the present value of the special payments determined in accordance with section 5 that would be required to liquidate any going concern unfunded liability.
3. The rate or rates of interest to be used in calculating present values referred to in paragraphs 1 and 2 shall be the rate or rates used in the report for the going concern valuation.
4. The present values referred to in paragraph 2 shall be calculated using whichever of the following periods is longer:
 - i. the period that begins on the valuation date and continues until the end of the remaining amortization period of the going concern unfunded liability that has the longest remaining amortization period, or
 - ii. the period of three years that begins on the valuation date.
5. In the case of a jointly sponsored pension plan,
 - i. the present values referred to in paragraph 1 shall be calculated based on the sum of the projected pensionable earnings for each year in the three-year period beginning on the valuation date,
 - ii. the present values referred to in paragraph 2 shall be calculated based on the period used for the purposes of paragraph 4 and the sum of the projected pensionable earnings for each year in that period, and
 - iii. the actuarial assumptions used to determine the sums referred to in subparagraphs i and ii of the projected pensionable earnings shall be the same as those used in the report for the going concern valuation.
6. Subject to paragraph 7, the required contribution rate for a jointly sponsored pension plan shall be determined as a level percentage of pensionable earnings for each class of members, subject to any variation that is necessary in order to take into account integration with the *Canada Pension Plan*.
7. If the required contribution rate set out in a report in respect of a jointly sponsored pension plan is higher than the required contribution rate determined in the last filed report and a going concern unfunded liability is disclosed in the report, the required contribution rate may be increased each year for up to three years, commencing not later than 12 months after the valuation date, by at least one third of the difference between the two contribution rates, but only if,
 - i. the contribution rate after that period is a level percentage of pensionable earnings, subject to any variation that is necessary in order to take into account integration with the *Canada Pension Plan*, and
 - ii. the present value of the required contributions using the increased rates is not less than the minimum present value determined in accordance with paragraphs 2, 3 and 4.

(2.4) If, in accordance with subsection (2.2), the amount of contributions required to be made to a pension plan that provides defined benefits is determined by using an actuarial cost method other than a benefit allocation method, the payments to the pension fund or to an insurance company, as applicable, shall not be less than the sum of,

- (a) the required contributions determined using the actuarial cost method; and
- (b) all special payments determined in accordance with section 5 with respect to any solvency deficiency.

(2.5) If the amount of contributions required to be made to a pension plan that provides defined benefits is determined in accordance with subsection (2.2) using an actuarial cost method other than a benefit allocation method, the contributions shall be deemed to be the contributions required to be made under this Regulation and the definitions in section 1 shall apply with necessary modifications.

(2.6) If a report discloses that an increase in the normal cost is required in respect of a jointly sponsored pension plan for which a benefit allocation method is used to set contribution rates, payment of that increase shall commence on a date not later than 12 months after the valuation date.

(2.7) If a report discloses that there is a going concern unfunded liability that is required to be liquidated in respect of a jointly sponsored pension plan for which a benefit allocation method is used to set the contribution rates, the special payments in respect of the going concern unfunded liability, as determined in accordance with subsection 5 (1.2), may be increased annually for up to three years, commencing not later than 12 months after the valuation date, by at least one third of the special payments, but only if,

- (a) the special payments after that period are a level percentage of pensionable earnings; and

(b) the present value of the special payments, including the increased special payments, is not less than the amount of the going concern unfunded liability.

(2.8) In the case of a jointly sponsored pension plan, contributions referred to in subsection 39 (3) of the Act include contributions made by a former member in respect of any going concern unfunded liability or solvency deficiency.

(6) Section 4 of the Regulation is amended by adding the following subsection:

(3.1) Subsection (3) does not apply if the pension plan provides defined benefits and a benefit allocation method is not used to set contribution rates.

(7) Subsection 4 (4) of the Regulation is amended by striking out the portion before paragraph 1 and substituting the following:

(4) The payments referred to in subsections (2) and (2.4) shall be made by the employer or, if a person or entity is required to make contributions on behalf of the employer, by that person or entity and, if applicable, by the members of the pension plan within the following time limits:

.

(8) Paragraphs 2 and 4 of subsection 4 (4) of the Regulation are revoked.

(9) Subsection 4 (5) of the Regulation is revoked and the following substituted:

(5) Subject to subsections (10) and (11), if the period covered by a report filed under section 3, 5.3, 13 or 14 or submitted under this section has ended, and no report covering a subsequent period is filed under section 14 or submitted under this section, the employer or, if a person or entity is required to make contributions on behalf of the employer, that person or entity and, if applicable, the members of the pension plan shall continue to make payments in accordance with the report most recently filed or submitted under section 3, 5.3, 13 or 14 or this section.

(10) Subsections 4 (9), (10) and (11) of the Regulation are revoked and the following substituted:

(9) If a report is submitted to the Superintendent under subsection (7.1), the employer or, if another person or entity is required to make contributions on behalf of the employer, that person or entity and, if applicable, the members of the pension plan shall make payments in accordance with the report.

(10) Except as provided in subsection (11), if a payment requirement set out in a report submitted under subsection (7.1) concerning a plan differs from a payment requirement set out in a report filed by the administrator, the employer or, if another person or entity is required to make contributions on behalf of the employer, that person or entity and, if applicable, the members of the pension plan shall make payments in accordance with the higher requirement.

(11) If, in the opinion of the Superintendent, a payment in accordance with the higher requirement under subsection (10) is not necessary to ensure that the plan is sufficiently funded to provide benefits under the plan, the payments shall be made in accordance with the lower requirement.

(11) Subsection 4 (13) of the Regulation is revoked and the following substituted:

(13) This section does not apply to a pension plan described in subsection 6 (1) unless it is a jointly sponsored pension plan.

5. (1) Section 5 of the Regulation is amended by adding the following subsections:

(1.1) Despite clauses (1) (b) and (e), in the case of a jointly sponsored pension plan, the special payments may be determined in accordance with subsection (1.2) as of,

- (a) the date the going concern unfunded liability arose, for special payments referred to in clause (1) (b); or
- (b) the date the solvency deficiency arose, for special payments referred to in clause (1) (e).

(1.2) The special payments referred to in subsection (1.1) are determined under the following rules:

1. Each scheduled payment must be a level percentage of the sum of pensionable earnings of the members of the pension plan at the valuation date projected to the date when the scheduled payments commence and, after that date, projected annually until the end of the amortization period.
2. The sum in paragraph 1 of the projected pensionable earnings must be determined using the same actuarial assumptions used in the going concern valuation, taking into account any expected material decline in the sum of pensionable earnings.

«B» représente le plus élevé de zéro et du montant calculé selon la formule suivante :

où :

- «C» représente la valeur actuelle des cotisations obligatoires, déterminées selon la méthode d'évaluation actuarielle utilisée par le régime, qui doivent être versées pour la période de cinq ans qui commence à la date d'évaluation du rapport ou, dans le cas d'un régime de retraite conjoint, qui court entre cette date et la fin de la période de cinq ans qui commence dans les 12 mois qui la suivent,

(11) Si, de l'avis du surintendant, le paiement exigé le plus élevé visé au paragraphe (10) n'est pas nécessaire pour faire en sorte que le régime ait un financement suffisant pour fournir les prestations qu'il prévoit, c'est le paiement exigé le moins élevé qui est fait.

(11) Le paragraphe 4 (13) du Règlement est abrogé et remplacé par ce qui suit :

(13) Le présent article ne s'applique pas aux régimes visés au paragraphe 6 (1), à moins qu'ils ne soient des régimes de retraite conjoints.

5. (1) L'article 5 du Règlement est modifié par adjonction des paragraphes suivants :

(1.1) Malgré les alinéas (1) b) et e), dans le cas d'un régime de retraite conjoint, les paiements spéciaux peuvent être déterminés conformément au paragraphe (1.2) à l'une ou l'autre des dates suivantes :

- b) la date à laquelle est né le déficit de solvabilité, dans le cas des paiements spéciaux visés à l'alinéa (1) e).

(1.2) Les paiements spéciaux visés au paragraphe (1.1) sont déterminés conformément aux règles suivantes :

1. Chaque paiement prévu correspond à un pourcentage constant du total des gains ouvrant à pension des participants au régime à la date d'évaluation estimés à la date du début de ces paiements et, après cette date, annuellement jusqu'au terme de la période d'amortissement.
2. Le total, visé à la disposition 1, des gains ouvrant droit à pension prévus est déterminé selon les mêmes hypothèses actuarielles que celles sur lesquelles est fondée l'évaluation à long terme, en tenant compte de toute baisse importante prévue de ce total.
3. La valeur actuelle des paiements prévus, à la date visée à l'alinéa (1.1) a), est égale au passif à long terme non capitalisé ou au déficit de solvabilité à acquitter.
4. Les périodes d'amortissement applicables aux séries de paiements prévus sont les mêmes que les périodes correspondantes visées aux alinéas (1) b) et e) et commencent au plus tard 12 mois après la date d'évaluation.
5. La valeur actuelle des paiements prévus est déterminée :
 - i. d'une part, relativement au passif à long terme non capitalisé, en utilisant le ou les taux d'intérêt utilisés dans le rapport pour le calcul du passif à long terme non capitalisé,
 - ii. d'autre part, relativement au déficit de solvabilité, en utilisant les taux d'intérêt utilisés dans le rapport pour le calcul du déficit de solvabilité.

(2) L'article 5 du Règlement est modifié par adjonction du paragraphe suivant :

(16.2) Malgré les paragraphes (13), (14), (15), (16) et (16.1), si un régime offre des prestations déterminées et qu'une méthode de répartition des prestations n'est pas utilisée pour fixer les taux de cotisation, le solde créditeur de l'exercice antérieur à utiliser dans un rapport déposé ou présenté à son égard est de zéro.

APPEAL OF DIRECTOR'S DECISION ON LICENCES UNDER PART VIII OF THE ELECTRICITY ACT, 1998

Definitions

1. In this Regulation,

“Authority” means the Electrical Safety Authority;

“Director” means a person appointed as a Director under Part VIII of the *Electricity Act, 1998*;

“Review Panel” means a panel of not more than three persons appointed by the Electrical Safety Authority.

Appeal to Review Panel

2. (1) If, after a hearing on a proposal under section 113.4 of the *Electricity Act, 1998*, a Director concludes the Director is entitled to carry out the proposal under that section, a person named in the proposal may appeal the decision of the Director to the Review Panel by filing a notice of appeal with the Review Panel within 15 days after the decision is made.

(2) In accordance with section 113.9 of the *Electricity Act, 1998*, if a person appeals a decision of a Director under subsection (1), the Review Panel shall review the decision and the person is not entitled to appeal it to the Divisional Court under section 113.10 of that Act except as provided in section 4 of this Regulation.

(3) Before or after the expiration of the time for appealing a decision, a person mentioned in subsection (1) may apply to the Review Panel for an extension of the time for appealing the decision.

(4) The extension shall be for no more than 15 days from the day that the Review Panel grants the extension.

(5) The Review Panel may grant the extension if it is satisfied that there are reasonable grounds for applying for the extension and that there are apparent grounds for granting the extension, and may give directions, as appropriate.

(6) An appeal under subsection (1) operates as a stay of the decision pending the outcome of the appeal.

(7) Upon the application of the Director, which may be made without notice, the Review Panel may order that the stay of the decision be lifted if, in its opinion, the action is necessary in the interest of public safety or consumer protection.

(8) Subject to subsection (10), if a person appeals under subsection (1), the Review Panel shall appoint a time for a hearing and hold the hearing.

(9) The Director or a person designated by the Director for that purpose is entitled to be heard at the hearing.

(10) If, on the application of a party to a hearing before the Review Panel with notice to the other parties, the Review Panel is satisfied that the appeal is frivolous or vexatious, the Review Panel may refuse to grant the hearing or may terminate the hearing at any time and make an order of costs as it considers appropriate in the circumstances.

(11) The Review Panel may, by order, confirm, amend, rescind or impose terms and conditions to the decision of the Director or make whatever other decision that the Review Panel deems appropriate.

(12) The Review Panel may make orders as to costs payable by the parties to the appeal and orders requiring the parties to the appeal to reimburse the Authority for its expenses incurred in respect of the appeal.

Rules for hearings

3. (1) The Authority may make rules establishing procedures for the hearing of appeals under section 2 including,

- (a) rules applicable if a member of the Review Panel conducting a hearing is unable to continue to conduct the hearing because of illness or other reason; and
- (b) rules providing that the oral evidence given before the Review Panel at a hearing may be recorded if a party to the hearing so requests and pays the fee established by the Authority for that purpose in accordance with section 12 of the Act.

(2) A rule made under clause (1) (a) may provide for the continuation or termination of the hearing, with or without the consent of the parties, or the commencement of a new hearing by a panel differently composed if the initial hearing is terminated.

(3) A rule made under this section may be general or specific in its application and may apply differently to different hearings.

Appeal to Divisional Court

4. (1) Any party to the hearing before the Review Panel under section 2 may appeal the decision of the Review Panel to the Divisional Court in accordance with the rules of court on any question that is not a question of fact alone.

(2) The Minister is entitled to be heard at a hearing under this section.

(3) The judge who hears an appeal under this section may,

- (a) refer the matter back to the Review Panel for reconsideration by the Review Panel; or
- (b) confirm or rescind the decision of the Review Panel.

(4) If the judge rescinds the decision of the Review Panel, the Director may carry out the Director's decision made after a hearing on the proposal under section 113.4 of the *Electricity Act, 1998*.
